FOR IMMEDIATE RELEASE

## RABCAT SIGNS EXCLUSIVE GAME SUPPLY DEAL WITH MICROGAMING

VIENNA – Rabcat has entered into an exclusive deal to supply games to Microgaming’s network of operators.

Microgaming’s relationship with Rabcat began in 2012 when the company became a development partner on the Quickfire platform. Based on a foundation of trust and collaboration, Rabcat has now signed a long-term supplier contract with Microgaming.

The deal secures Microgaming as the exclusive distributor of Rabcat games going forward. So, in addition to the global distribution network available through Quickfire, selected Rabcat content will also be delivered to Microgaming operators. They will benefit from Rabcat’s popular premium content, including Dragon’s Myth™, Legend of Olympus® and Castle Builder™, utilising the download, Flash and HTML5 platforms.

**Thomas Schleisnitz, CEO of Rabcat, explains:** *“Through the Quickfire platform we have witnessed first-hand the technical prowess and expertise that Microgaming possesses. This new commercial agreement is a big step forward which will assist greatly to unleash Rabcat’s full potential. Microgaming’s operator base is second to none, and through this deal our leading premium game titles will reach a far more extensive audience than ever before.”*

**Roger Raatgever, CEO of Microgaming, comments:** *“This deal signifies our commitment to building successful and effective partnerships. A strong bond through Quickfire has enabled us to enter a more committed contract with Rabcat; an agreement which we are confident will be fruitful for both parties involved. This is an exciting deal, particularly for our download casino operators who will now have access to Rabcat’s cutting-edge 3D slots for the first time. Rabcat games have universal appeal and will form the perfect addition to our gaming portfolio.”*

The first of Rabcat’s games to go live with Microgaming is Castle Builder™, a five-reel slot launched in 2013 that introduced the truly innovative level-based-slot™ feature to online gaming. Castle Builder is scheduled to go live in January 2015.

### About Microgaming

Microgaming developed the first true online casino in 1994. It has been breaking records, breaking new ground and breaking its back in pursuit of original gaming ever since. Developer of thousands of unique, genre-defining Casino, Mobile, Poker, Bingo and Land-based games, Microgaming hosts the largest Progressive Jackpot Network in the world. Its products include Live Dealer, Sportsbook, Business Solutions and Quickfire. Microgaming is an award winner. A millionaire maker. The father of player protection and responsible gaming. And through numerous social initiatives, not least the Microgaming Health & Care Trust, it is a pillar of its local community on the Isle of Man.
